

Serial Number 10/760,410

AMENDMENTS TO DRAWINGS

Please amend Fig. 2 by reversing the “op” and “on” symbols of switch unit 264, as indicated on the attached REPLACEMENT SHEET.

REMARKS

Reconsideration of the application is respectfully requested.

Claim 6, lines 3 and 10-11 have been amended as suggested by the Examiner, by respectively changing “the first control signal” and “the second control signal” to –a first control signal– and –a second control signal–.

Fig. 2 has been amended as suggested by the Examiner to reverse the “op” and “on” symbols for switch unit 264.

In addition, typographic errors in line 3 on page 7 have been corrected by respectively changing “164” and “165” to –264– and –265–.

Having thus overcome each of the objections made in the Official Action, and in view of the indicated allowability of claims 1-8, expedited passage of the application to issue is requested.

Respectfully submitted,

BACON & THOMAS, PLLC
